**ALIVE with a Difference**

Toronto, ON: Liliane de Vries of ALIVE steps up to be one of the Collaborators for The Difference Movie based out of Australia.

The Difference movie is exactly what the title entails, making a difference in the world. The 2 hour film is a psycho-spiritual docu-drama that has been 4 years in the making. This movie taps into humanity's collective consciousness and is expected to be the most influential film of its time. It is destined to shift 'humanity's' consciousness, open people's minds and hearts, and make a significant and positive difference to the planet.

"It's a wonderful film under construction that takes a deeper look into what really makes a difference in the world and in our lives. I couldn't be more excited to be a collaborator on this film, this is where I get to make a difference, this is where my input matters," said Liliane de Vries, CEO of ALIVE.

Liliane de Vries saw the opportunity and leapt at the chance for her to make a difference because that's what she is all about, making a difference in peoples lives.

Her most recent venture of making a difference and stepping up the 'aliveness' in each persons life is by creating her Born To Be ALIVE Retreat. This retreat is all about finding ones purpose; passions; values; and visions. Anyone can participate and be a part of this retreat, and everyone who goes will come out a changed person with a 90 day plan of action for their own personal life or business.
